AGRICULTURAL EDUCATION COURSES OFFERED

AGRISCIENCE CHEMISTRY (Capstone)
Credits: 10 **Grade**: 10-12 **UC/CSU**: D
This course explores the physical and chemical nature of soil as well as the relationships between soil, plants, animals and agricultural practices. Students will examine properties of soil and land and their connections to plant and animal production. Using knowledge of scientific protocols as well as course content, students will develop an Agriscience research program to be conducted throughout the first semester of the course. Throughout the course, students will be graded on participation in intracurricular FFA activities as well as the development and maintenance of an ongoing Supervised Agricultural Experience (SAE) program. Prerequisite: Signature of teacher required. Students must be previously enrolled in other agriculture classes to take this class.

FLORAL DESIGN (Introduction)
Credits: 10 **Grade**: 10 – 12 **CSF III UC/CSU:** F
Students in this course will apply an artistic approach to floral design. Students will explore elements and principles of design; two and three dimensional designs; history of floral art; arrangement styles and techniques; and seasonal, holiday, and occasional designs. Students will achieve this through creating, designing, identifying, explaining and evaluating all topics of study. This course meets graduation requirements as a visual/performing art. Prerequisite: none

FLORAL DESIGN II (Capstone)
Credits: 10 **Grade**: 11 – 12 **CSF III UC/CSU:**
In this course, Floral Design I students will progress their individual skills in dimensional designs, arrangement styles, and floral techniques and increase their capabilities through creating, designing, identifying, explaining and evaluating all topics of study. Students will learn merchandising of floral arrangements and the importance of cost analysis and marketing. This course meets graduation requirements as a visual/performing art. Prerequisite: Successful completion of Floral Design I

Ag Biology and the Living Earth (Introduction)
Credits: 10 **Grade**: 9 - 10 **CSF II UC/CSU**: G
This course is for first year ag students preparing for careers in the agri-science industry or just interested in agriculture. Students will learn about state and local agriculture, career information, leadership and agriculture skills development. Agriculture's role in our environment will be a major emphasis. Both FFA participation and project activities. This class fulfills one year of physical science credit. This the first in a sequence of college-preparatory science courses which prepare students for future college and career pursuits by developing scientific inquiry, cooperative effort, and communication skills.. Prerequisite: Interest in Agriculture.

AGRICULTURE LEADERSHIP & COMMUNICATIONS
Credits: 10 **Grade:** 11 – 12 **CSF III UC/CSU**: none
This course is for students with an active FFA background and is designed to provide practical communication skills necessary to pursue career opportunities in agricultural communication. Students interested in enhancing communication skills, developing teamwork skills, and utilizing a variety of media to inform the public about agricultural products, practices, and policies will benefit through the development of research, presentation, and organizational practices. Prerequisite: Signature of teacher is required. Students must be previously enrolled in an agriculture class to take this class.

AGRISCIENCE BIOLOGY (Concentrator)
Credits: 10 **Grade**: 9 – 10 **NCAA CSF I UC/CSU**: D
This class fulfills one year of life science credit and meets the UC/CSU life science entrance requirement. This class is designed to give the students a background in animal science, nutrition, digestive systems, feeding and management, botany, plant growth, soil science irrigation and water conservation. FFA leadership and project activities are an integral part of the course. Prerequisite: Agriscience Earth is recommended, but not required

INTRODUCTION TO AG MECHANICS (Introduction)
Credits: 10 **Grade**: 9-12 **CSF III UC/CSU**: none
This course is designed for students interested in understanding basic agriculture mechanical skills. Units of instruction include shop safety, tool identification, use of power tool equipment, wood working, metal working, and electricity and plumbing. Instruction is also given in FFA leadership, citizenship, and career education. This course fulfills one year of elective credit.

ADVANCED AG MECHANICS AND WELDING (Concentrator)
Credits: 10 **Grade**: 10 – 12 **CSF III UC/CSU**: none
Students will develop skills in advanced woodworking, arc, mig, tig and oxy-acetylene welding, project design/ construction, and basic hydraulics. Individual student projects can be built when basic welding skills are mastered. FFA leadership, project activities, and record keeping are integral parts of the course. This course earns one year of elective credit. Prerequisite: Completion of Ag Mechanic Skills or signature of the teacher.

AG WELDING & FABRICATION (Capstone)
Credits: 20 **Grade**: 11 –12 **CSF III UC/CSU:** none
This class is designed to give the students maximum shop time for building and repairing agriculture equipment and constructing other projects. Units of instruction are given in all aspects of welding instruction. Students must have plans for their own building projects or be prepared to work on projects assigned by the instructor. Instruction units on project design and ordering materials will be included. This is a two-hour class and may be taken for two years for elective credit. FFA leadership projects and record keeping activities are

an integral part of this course. Prerequisite: Successful completion of Advanced Ag Mechanics

AGRICULTURE GOVERNMENT/ECONOMICS
Credits: 10 **Grade**: 12 **CSF I UC/CSU**: A (Gov)/ G (Econ)
This course is designed for students interested in understanding the operations and institutions of economic systems as applied to our nation's largest industry, agriculture. Units of instruction include basic economic behavior and international trade policy. This course will also review how our government was developed and how it functions. Agriculture policy in our government structure will be reviewed. Instruction is also given in leadership, citizenship, and career education. This class meets the government/economics requirements for graduation. Prerequisite: Signature of teacher required. Students must be previously enrolled in other agriculture classes to take this class.

HORTICULTURE
Credits: 10 **Grade**: 9-12 **CSF III UC/CSU**: G
This course will provide the student with theories and principals related to environmental and ornamental horticulture. This course is designed to successfully expose students to both the environmental and botanical nature of horticulture. This course is intended to develop an appreciation of horticulture, incorporate scientific methods and biological principals within the environment, understand plant functions and uses, and recognize the diversity of life and the interrelationships among organisms in nature. Prerequisite: none

FFA CHAPTER GOALS

1. Apply for Superior Chapter and Star Awards (Counselor, Administrator, Support Personnel, Advisor)

2. Increase participation in speaking contests, Career Development Event teams, and Supervised Agriculture Experiences

3. Improve chapter outreach through increased and varied communication and publications

4. Complete and submit a chapter scrapbook

5. Complete 2 community service activities per semester.

INTRODUCTION TO THE FFA

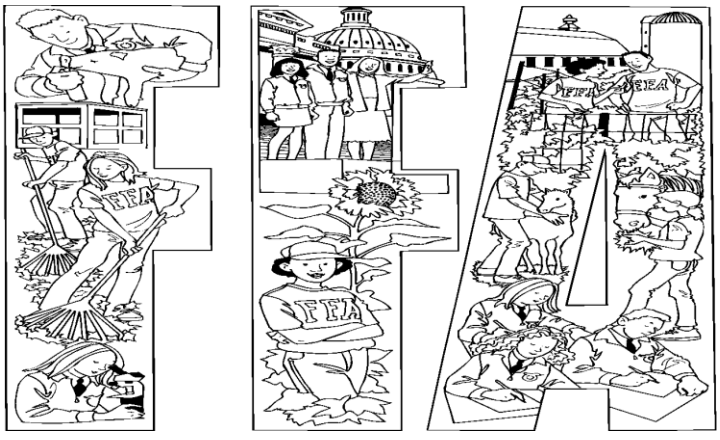
The FFA is a national organization of, by, and for students studying agriculture in public secondary schools under the provision of the National Vocational Education Acts.

An integral part of the program of education in agriculture in the public schools system of America, the FFA has become well known in recent years. No National student organization enjoys greater freedom of self-government under adult council and guidance than the FFA. Organized in November of 1928, it has served to motivate and vitalize the instruction offered to students of agriculture and to provide further training in citizenship and agriculture business. Oakdale FFA Was Established in 1931 by the young men in agriculture classes at Oakdale High School.

The FFA is a non-profit, non-political youth organization designed to take its place with other agents striving for the development of leadership, the advancement of agriculture technology, and improvement of agricultural understanding. The foundation upon which the FFA organization is molded includes leadership, service, thrift, scholarship, improved agriculture, organized recreation, citizenship and patriotism.

National Headquarters for the FFA are located in the Agriculture Education Branch of Health, Education, and Welfare, Washington D.C. The National FFA Convention is held annually in Indianapolis, Indiana and the California Association holds its annual conference at the Fresno Convention Center each April.

This Program of Activities was developed to explain the purpose of the FFA Organization and give insight into the many opportunities that are available to all agriculture students at Oakdale High School.



MISSION AND STRATEGIES

FFA makes a positive difference in the lives of students by developing their potential for **premier leadership, personal growth and career success** through agricultural education.

To accomplish this mission, FFA:

- Develops competent and assertive agricultural leadership.
- Increases awareness of the global and technological importance of agriculture and its contribution to our well-being.
- Strengthens the confidence of agriculture students in themselves and their work.
- Promotes the intelligent choice and establishment of an agricultural career.
- Encourages achievement in Supervised Agricultural Experience programs.
- Encourages wise management of economic, environmental and human resources of the community.
- Develops interpersonal skills in teamwork, communications, human relations and social interaction.
- Builds character and promotes citizenship, volunteerism and patriotism.
- Promotes cooperation and cooperative attitudes among all people.
- Promotes healthy lifestyle.
- Encourages excellence in scholarship.

The FFA Motto

LEARNING TO DO,

DOING TO LEARN,

EARNING TO LIVE,

LIVING TO SERVE

National FFA Colors

National Blue represents the national origin of the organization, matches the blue color on the flag of the United States of America.

Corn Gold signifies the founding of the organization in the United States, and the unity of agriculture as corn is grown in all fifty states and is a native crop to our continent.

FFA CODE OF ETHICS

FFA members conduct themselves at all times to be a credit to their organization, chapter, school, community and family. As an FFA member, I pledge to:

1. Develop my potential for premier leadership, personal growth, and career success.
2. Make a positive difference in the lives of others.
3. Dress neatly and appropriately for the occasion.
4. Respect the rights of others and their property.
5. Be courteous, honest and fair with others.
6. Communicate in an appropriate, purposeful, and positive manner.
7. Demonstrate good sportsmanship by being modest in winning and generous in defeat.
8. Make myself aware of FFA programs and activities and be an active participant.
9. Conduct and value a supervised agricultural program.
10. Strive to establish and enhance my skill through agricultural education in order to enter a successful career.
11. Appreciate and promote diversity in our organization.

FFA OFFICIAL DRESS

The uniform worn by FFA members at local, state, and national functions is called **official dress**. It provides identity and gives a distinctive and recognizable image to the organization.

Female members are to wear a black skirt, white blouse with official FFA blue scarf, black shoes and official jacket zipped to the top. Black slacks may be worn for traveling and outdoor activities such as judging contests and camping.

Official dress for male members is black slacks, white shirt, official FFA tie, black shoes, black socks, and official jacket zipped to the top.

PROPER USE OF THE FFA JACKET

The FFA jacket is the most recognizable symbol of the organization. As a member, one of your responsibilities is to ensure its proper use. Specific guidelines are outlined below.

1. The jacket is to be worn only by members.
2. The jacket should be kept clean and neat.
3. The *back* of the jacket includes only: a large official FFA emblem, the name of the state association, and the name of the local chapter, district, or area. The *front* of the jacket includes only a small official FFA emblem, the name of the individual, one office or honor, and the year of that office or honor.
4. The jacket should be worn on official occasions with the zipper fastened to the top. The collar should be turned down and the cuffs buttoned.
5. The jacket should be worn by members and officers on all official FFA occasions, as well as other occasions where the chapter or state association is represented. It may be worn to school and other appropriate places.
6. The jacket should only be worn to places that are appropriate for members to visit.
7. School letters and insignia of other organizations should not be attached to or worn on the jacket.
8. When the jacket becomes faded and worn, it should be discarded or the emblems and lettering removed.
9. The emblems and lettering should be removed if the jacket is given or sold to a non-member.
10. A member should act professionally when wearing the official FFA jacket.
11. Members should refrain from use of tobacco and alcohol when underage and at all times when representing the FFA. In addition, members should exhibit their leadership qualities when they encounter substance including tobacco and alcohol and serve to discourage others from inappropriate behavior.
12. All chapter degree, officer and award medals should be worn beneath the name on the right side of the jacket, with exception that a single state FFA Degree charm or American FFA Degree key should be worn above the name or attached to a standard key chain. No more than three medals should be worn on the jacket. These should represent the highest degree earned, the highest office held and the highest award earned by the member.

FFA EMBLEM

The National Emblem of the FFA is significant and meaningful in every detail. Used by members in all recognized units in the organization, it is made up of five symbols: the owl, the plow, and the rising sun, within the cross section of an ear of corn, which is surrounded or surmounted by the American eagle. Upon the face of the emblem appear the words, "Agricultural Education," and the letters, "FFA."

The **owl** is symbolic of wisdom and knowledge.

The **plow** is the symbol of labor and tillage of the soil.

The **rising sun** is emblematic of progress and the new day that will dawn when all farmers are trained and have learned to cooperate.

The **cross section of an ear of corn** represents common agricultural interests since corn is native to America and grown in every state.

The **eagle** is indicative of the national scope of the organization.

FFA CREED

I believe in the future of agriculture, with a faith born not of words but of deeds – achievements won by the present and past generations of agriculturalists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others.
I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturalists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so – for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

The creed was written by E.M. Tiffany, and adopted at the 3rd National Convention of the FFA. It was revised at the 38th Convention and the 63rd Convention.

FFA DEGREES

There shall be four degrees of active membership based on individual achievement. These are the Greenhand FFA Degree, Chapter FFA Degree, State FFA Degree, and the American FFA Degree. The national organization shall set the minimum qualifications for each degree.

Greenhand FFA Degree

To be eligible to receive the Greenhand FFA Degree from the chapter, the member must meet the following minimum qualifications:

1. Be enrolled in agricultural education and have satisfactory plans for a supervised agricultural experience program.
2. Learn to explain the FFA Creed, Motto, Salute and the FFA Mission Statement.
3. Describe and explain the meaning of the FFA emblem and colors.
4. Demonstrate knowledge of the FFA Code of Ethics and the proper use of the FFA jacket.
5. Demonstrate knowledge of the history of the organization, the chapter constitution and the bylaws, and the chapter Program of Activities.
6. Personally own or have access to the Official FFA Manual and the FFA Student Handbook.
7. Submit written application for the Greenhand FFA Degree.

Chapter FFA Degree

To be eligible to receive the Chapter FFA Degree from the chapter, the member must meet the following qualifications:

1. Must have received the Greenhand FFA Degree.
2. Must have satisfactorily completed the equivalent of at least 180 hours of systematic school instruction in agricultural education at or above the ninth grade level, have in operation an approved supervised agriculture experience program, and be enrolled in an agricultural education course.
3. Have participated in the planning and conducting of at least three official functions in the chapter Program of Activities.
4. Have earned and productively invested at least $150 by the members own efforts or worked at least forty-five hours in excess of scheduled class time, or a combination thereof, and have developed plans for continued growth and improvement in a supervised agriculture experience program.
5. Have effectively led a group discussion for 15 minutes.
6. Have demonstrated five procedures of parliamentary law.
7. Show progress toward individual achievement in the FFA awards program.
8. Have a satisfactory scholastic record.
9. Submit a written application for the Chapter FFA Degree.

State FFA Degree

To be eligible to receive the State FFA Degree from the state association, the member must meet the following minimum qualifications:

1. Have received the Chapter FFA Degree.
2. Have been an active FFA member for at least two years (24 months) at the time of receiving the State FFA Degree.
3. While in school, have completed the equivalent of at least two years (360 hours) of systematic school instruction in agricultural education at or above the ninth grade level, which includes a SAE program.
4. Have earned and productively invested at least $1,000, or worked at least 300 hours in excess of scheduled class time, or a combination thereof, in a supervised agricultural experience program.
5. Demonstrate leadership ability by:
    a. Performing 10 procedures of parliamentary law or a test.
    b. Giving a six-minute speech on a topic relating to agriculture or the FFA.
6. Serving as an officer, committee chairperson, or participating member of a chapter committee.
7. Have a satisfactory scholastic record as certified by the local agriculture educator and the principal or superintendent.
8. Have participated in at least five different FFA activities above the chapter level.

American FFA Degree

To be eligible to receive the American FFA Degree from the National FFA Organization, the member must meet the following qualifications:

1. Have received the State FFA Degree, have been an active member for the past three years (36 months) and have a record of satisfactory participation in activities on the chapter and the state level.
2. Have satisfactorily completed the equivalent of at least three years (540 hours) of systematic secondary school instruction in an agricultural education program.
3. Have graduated from high school at least 12 months prior to the national convention at which the degree is to be granted.
4. Have in operation and have maintained records to substantiate an outstanding SAE program through which a member has exhibited comprehensive planning, managerial and financial expertise.
5. Have earned and productively invested at least $7,500 or have earned and productively invested at least $1,500 and worked 2,250 hours in excess of scheduled class time.
6. Have a record of outstanding leadership abilities and community involvement and have achieved a high school scholastic record of a "C" or better as certified by the principal or superintendent.

FFA OPPORTUNITIES

Career Development Events - These judging teams include: Ag Mechanics, Best Informed Greenhand, Floriculture, Livestock Judging, Farm Power, Ag Sales, Parliamentary Procedure, Creed speaking, extemporaneous speaking, prepared speaking, Opening and Closing Ceremonies, job interview, and impromptu speaking.

Fairs and Shows - Students that fill all eligibility requirements have the opportunity to show their SAE project under Oakdale FFA at the county fair each year. Shows like Cow Palace and jackpot shows provide you with another opportunity to show your animals.

Project Competition - This contest allows members to demonstrate their development and understanding of their SAE project. This contest is held at the local and sectional levels.

Career Development Events

Judging contests make classroom instruction come alive as students use their skills in a competitive setting. Contests help develop technical knowledge, judgment, and reasoning in a particular agriculture area. There will be many contests that lead to the State Finals held in San Luis Obispo on the first Saturday of May. If you are interested in any of the following teams, see the respective advisor. Descriptions of the contest are listed below.

Livestock Judging **Advisor: Mr. Robles**
Beef, sheep, meat goats, and swine are judged for conformation in either market and/or breeding classes. Members will deliver four sets of oral reasons in the following categories; Beef, Sheep, Swine, Goats and Performance.

Best Informed Greenhand (BIG) **Advisor: Mr. Marshall**
Students are able to understand the aims, purposes, history, and structure of the Local, State, and National FFA student organizations and know the opportunities it makes available as referenced in the current National FFA Manual and State Constitution.

Ag Mechanics **Advisor: Mr. Marshall**
The agricultural mechanics event seeks to effectively prepare the students for the expectations of the agricultural mechanics workplace. Workers seeking careers in agricultural mechanics must not only develop a high degree of knowledge and skill they must also develop the ability to solve difficult problems. This event blends the testing of manipulative skills and knowledge required for careers in fabrication and construction.

Farm Power **Advisor: Mr. Robles**

The contest shall be designed to test a student's mechanical skills and abilities relating to power equipment used in agriculture, and shall serve as a training forum for students interested in pursuing a career as an equipment technician.

Ag Sales **Advisor: Mr. Hartzell**

The purpose of the Agriculture Sales contest is to provide students with the basic skills to take advantage of the career opportunities offered in the agricultural sales field. Sales are an essential part of a market economy. Agricultural products benefit from sales skills, both for inputs for production and the marketing of the products.

Parliamentary Procedure **Advisor: Mr. Robles & Mr. Marshall**

The purpose of this contest is to encourage students to learn to effectively participate in a business meeting and to assist in the development of their leadership skills.

*****If you would like to participate in a different contest, gather four or more members interested who are willing to participate and compete in contests. Please see one of your instructors to create a judging team.**

California FFA Leadership Programs

These leadership activities are the best part of the FFA. Students can learn a great deal about the FFA and also themselves at these conferences.

In addition to these activities, students can attend **Made for Excellence**, **Advanced Leadership Academy**, the **Regional FFA Meeting**, held in the spring. This is where regional officers are elected.

State FFA Conference - This conference is held in Anaheim and includes many leadership workshops and exciting FFA activities. Applications to attend State Conference will be available in the winter. Students must be academically and behaviorally eligible to attend.

National FFA Convention - This is the premier conference of the FFA. Students attend the world's largest youth conference, held in Indianapolis, Indiana. In addition, the California delegation goes on to visit Washington D.C. where they go on the tour of a lifetime.

Students must be enrolled in an Ag Education course for all conference participation.

Mandatory Conference Eligibility Requirements

Greenhand Conference - Must be a high school freshman and first year FFA member.

Made For Excellence - Available to all Sophomores. Juniors or Seniors that have not attended any of the other conferences listed below.

Advanced Leadership Academy - Must be a Junior or Senior and have attended a Leadership Conference in the past.

Sacramento Leadership Experience - Must be a senior. Must be chose by the California State Association as part of their top 45 students.

FFA PROFICIENCY AWARDS

The FFA provides a series of proficiency awards to recognize members who demonstrate exceptional progress, and who excel in one of the twenty-nine agricultural SAE related areas. These awards are designed for competition not only with other members locally and throughout the state, but also at the national level as well.

The award applications are simple to complete and are usually filled out in January for the local and regional winners. Those that win at the local level are recognized at the chapter banquet at the end of the year. To obtain an application, talk to an advisor.

Proficiency awards consist of filling out a rather detailed application form with questions relating to the applicant and their SAE project.

Listed below are some areas where proficiency awards are given:

Agricultural Communications	Forage Production
Agricultural Mechanics Design and Fabrication	Forest Management and Products

POINT AWARD SYSTEM GUIDELINES

The Point Awards System is designed to reward those members who participate in FFA activities throughout the year. Different activities are assessed a point value and if a member participates in that activity they may report those points on their monthly Point Awards Sheet. Each student is responsible for completing and submitting the point award tally at the end of each quarter. Points will be collected and totaled by the Greenhand officers. The Advisor **will not** fill out point award for any student.

- The Executive team may allow for one make up day which students can turn in unreported point awards from prior months each quarter.
- Advisors will allow classroom instruction time for students to fill out point awards sheets each month. **It is the student's responsibility to turn in their point awards**. In the event that a student is absent on the day point awards are filled out it is their responsibility to submit them on their own time.
- All active members meeting the minimum point award total for their year in agriculture will be honored at the End of the Year Awards Banquet with FFA paraphernalia. The top 20 scores overall will be eligible to attend the "Top 20" trip during the summer. Officers are invited to the trip but not included in the "Top 20" (however officers will be included for overall points). Only the top 25 are eligible under any circumstances. (21-25 are considered alternates in order of placing to replace any of the 1-20 who may not attend)
- Once point sheets are submitted, points may be reviewed/edited during office hours at advisor discretion.
- The following pages indicate predetermined point values for certain accomplishments and activities.
- The Charles W. Morisoli Award will be given each year at the annual awards to the member who earns the highest total number of points.

FFA POINT AWARD SYSTEM

To be eligible for awards, recognition, achievement trip, activities, etc., you must meet the following requirements. Satisfactory conduct and attitude are measured by the Agriculture Education instructors, minimum standard for scholarship should meet school eligibility requirements and a "B" in all agriculture classes with a record book score of 70 or better, and must include a consideration of student's performance in all their courses.

FFA Patches
